

svlOverlay

svlOverlayInput

svlOverlayTargets

```
graph BT; A[svlOverlayTargets] --> B[svlOverlay]; A --> C[svlOverlayInput];
```

The diagram illustrates a hierarchical or dependency structure. At the bottom is a box labeled 'svlOverlayTargets'. Two arrows originate from the top of this box: one points to the bottom of the 'svlOverlay' box on the left, and the other points to the bottom of the 'svlOverlayInput' box on the right. This suggests that 'svlOverlayTargets' is a common parent or source for both 'svlOverlay' and 'svlOverlayInput'.
